

PRIMING AT THE SPEED OF LIGHT

SPP3007 UV PRIMER

THE EASY CHOICE TO WORK FASTER ON SMALL & MEDIUM REPAIRS

SPP3007 UV-Cured Primer Surfacer is designed to quickly and professionally repair small to medium repairs with the ease and efficiency of UV processing that can be over coated with all PPG refinish topcoats or systems.

ENJOY THE BENEFITS OF ULTRA-FAST REFINISH REPAIRS

SUSTAINABILITY

- Low VOC content
- Low carbon footprint
- Low energy consumption (UV LED lamps)

PRODUCTIVITY

- Rapid small and medium repairs
- Ready for use
- Application in one visit

CONSUMPTION

- Less waste due to extra long pot life
- 1K product – does not cure in the pot
- High Solid content – lower material consumption
